Charge & Sync on the Go Range Boost+

Boost+ are our portable charging and synchronization units. Using Cambrionix technology Boost+ Charge & Sync can connect up to 16 mobile devices without having to pack them away, making it great for quick power pick-me-ups.

You can even plug in lots of different devices at once – intelligent charging will ensure every device gets just the right amount of power it needs. Any device with a USB charging cable is compatible.

Wherever you are, just plug it into the mains and you're ready to go. It's also an ideal solution to keeping your tablets synchronized and up to date if you already have one of our charging carts.
